

Tank-mix Sheet

Caligula®

Please note that physical compatibilities may not be approved tank-mixes. The tests do not check for any adverse crop phytotoxicity or for the biological efficacy of the individual components when applied in a tank-mix. Bayer Crop Science gives no warranty and accepts no liability in respect of physical compatibilities; therefore, use is at grower's own risk.

All the requirements or restrictions on other product labels must be adhered to when tank-mixing with Caligula®. Contact Bayer CropScience for full details.

Caligula® is physically compatible with any **ONE** of the following products or product mixes listed below and with constant agitation of the sprayer tank during mixing, transportation and application only:
