

Tank-mix sheet

Please note that physical compatibilities may not be approved tank-mixes. The tests do not check for any adverse crop phytotoxicity or for the biological efficacy of the individual components when applied in a tank-mix. Bayer CropScience gives no warranty and accepts no liability in respect of physical compatibilities; therefore, use is at grower's own risk.

All the requirements or restrictions on other product labels must be adhered to when tank-mixing with Fosburi Super® + Proclus®. Contact Bayer CropScience for full details.

Proclus should always be tank-mixed with Fosburi Super.

This mixture can only be tank mixed with one other herbicide specified below **and always maintain continuous agitation of the sprayer tank during mixing, transportation and application.**
