

Tank-mix Sheet

Spring 2020

Please note that physical compatibilities may not be approved tank-mixes. The tests do not check for any adverse crop phytotoxicity or for the biological efficacy of the individual components when applied in a tank-mix. Bayer CropScience gives no warranty and accepts no liability in respect of physical compatibilities; therefore, use is at grower's own risk.

All the requirements or restrictions on other product labels must be adhered to when tank-mixing with Variano[®]_{Xpro}. Contact Bayer CropScience for full details.

Bayer CropScience will support the tank-mixing of Variano_{Xpro} with **any one** of the following tank-mix selections. A maximum of only 1 other product (or combination where 2, or more, products are listed together) may be mixed at any one time e.g. Variano_{Xpro} + Atlantis[®] WG + biopower[®]
