

Tank-mix Sheet

Please note that physical compatibilities may not be approved tank-mixes. The tests do not check for any adverse crop phytotoxicity or for the biological efficacy of the individual components when applied in a tank-mix. Bayer Crop Science gives no warranty and accepts no liability in respect of physical compatibilities; therefore, use is at grower's own risk.

All the requirements or restrictions on other product labels must be adhered to when tank-mixing with Velum® Prime. Contact Bayer Crop Science for full details.

All tank-mix partner products should be applied in the method(s) supported by the respective product manufacturer. Please contact the respective product manufacturer for application method guidance if you are unsure.

Always maintain continuous agitation of the sprayer tank during mixing, transportation and application. Velum® Prime is physically compatible with only **ONE** of the following tank-mix selections:
